

## User Interface - Adding A Purchase

Standing in for contextual help – this ‘call out’ illustration and its accompanying hypertext explanation tells users what they need to know about each element in the user interface.

The explanation includes hyperlinks to definitions on Wikipedia (for universal terms) and a local glossary article (for platform specific terms).

The form contains various input fields and dropdown menus, each highlighted with a red border and a numbered callout (1-20). The fields are arranged in two columns.
