

1. This workflow continues from the 'Long-Term (Paris)' workflow

## 2. Transat in Paris emails an updated 6-week schedule

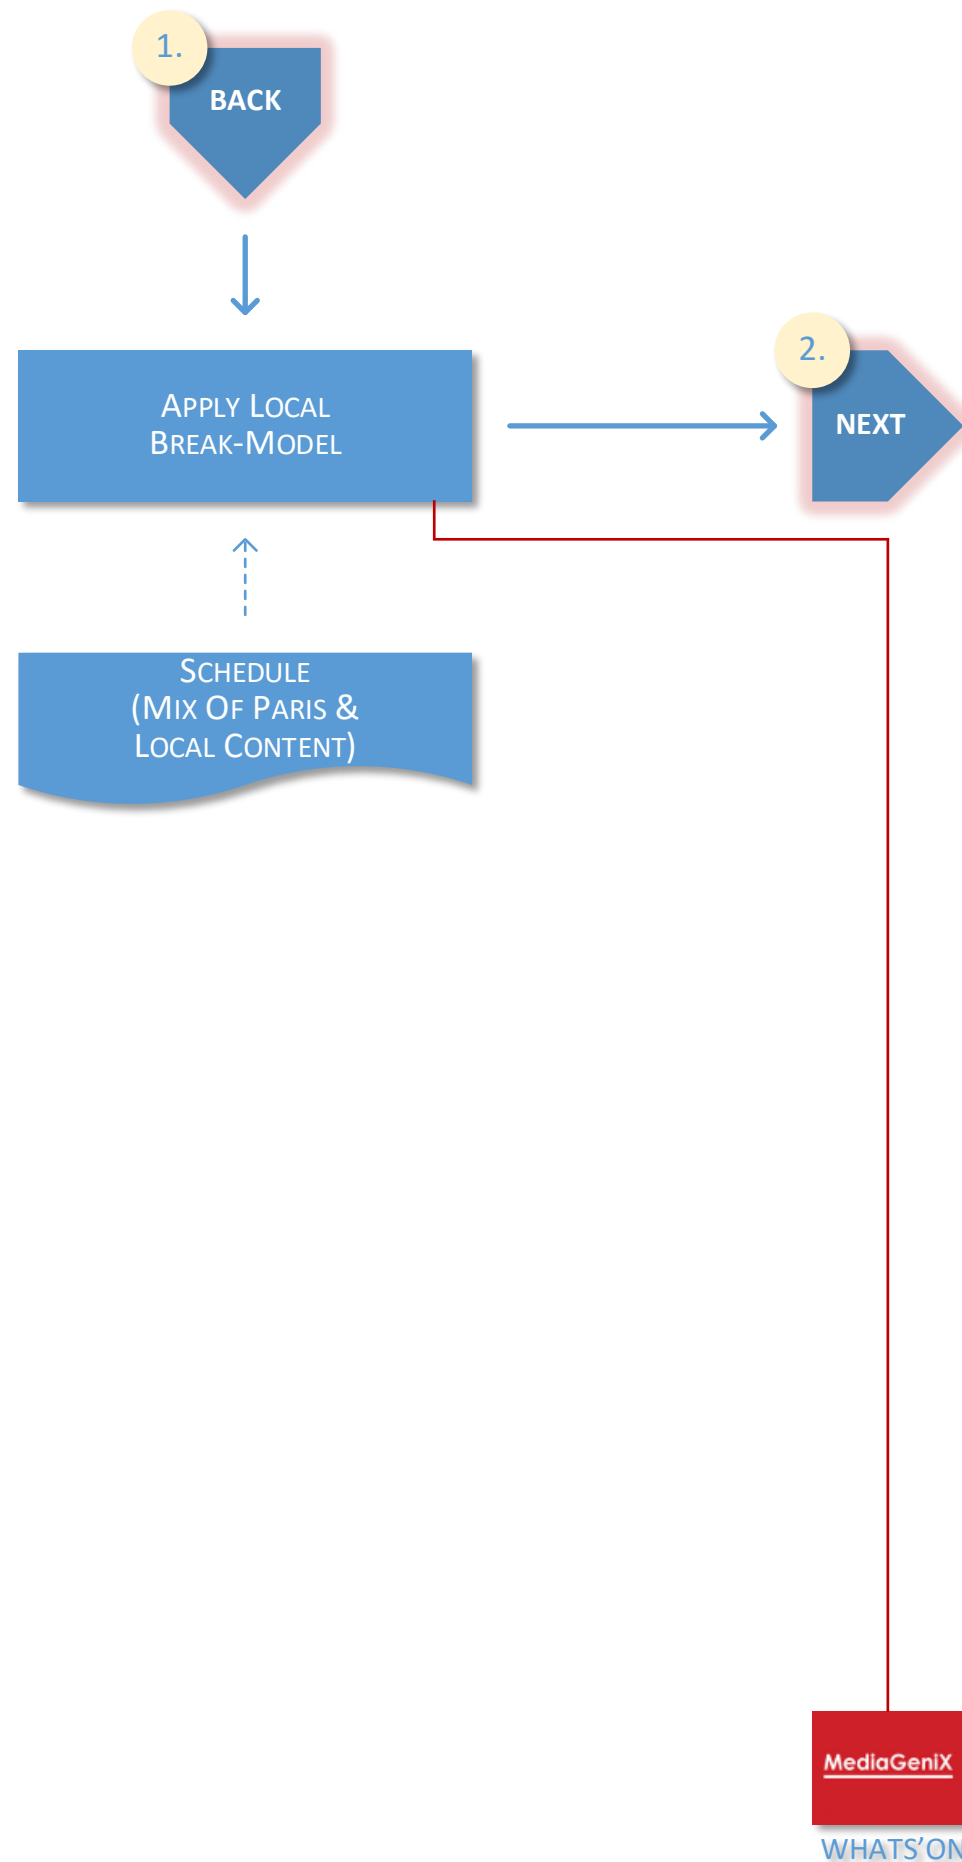

3. That is, is the schedule being created for Denmark or for Norway ?

4. A Norway specific version of the schedule is created

5. This workflow continues into the 'Long-Term (Norway)' workflow

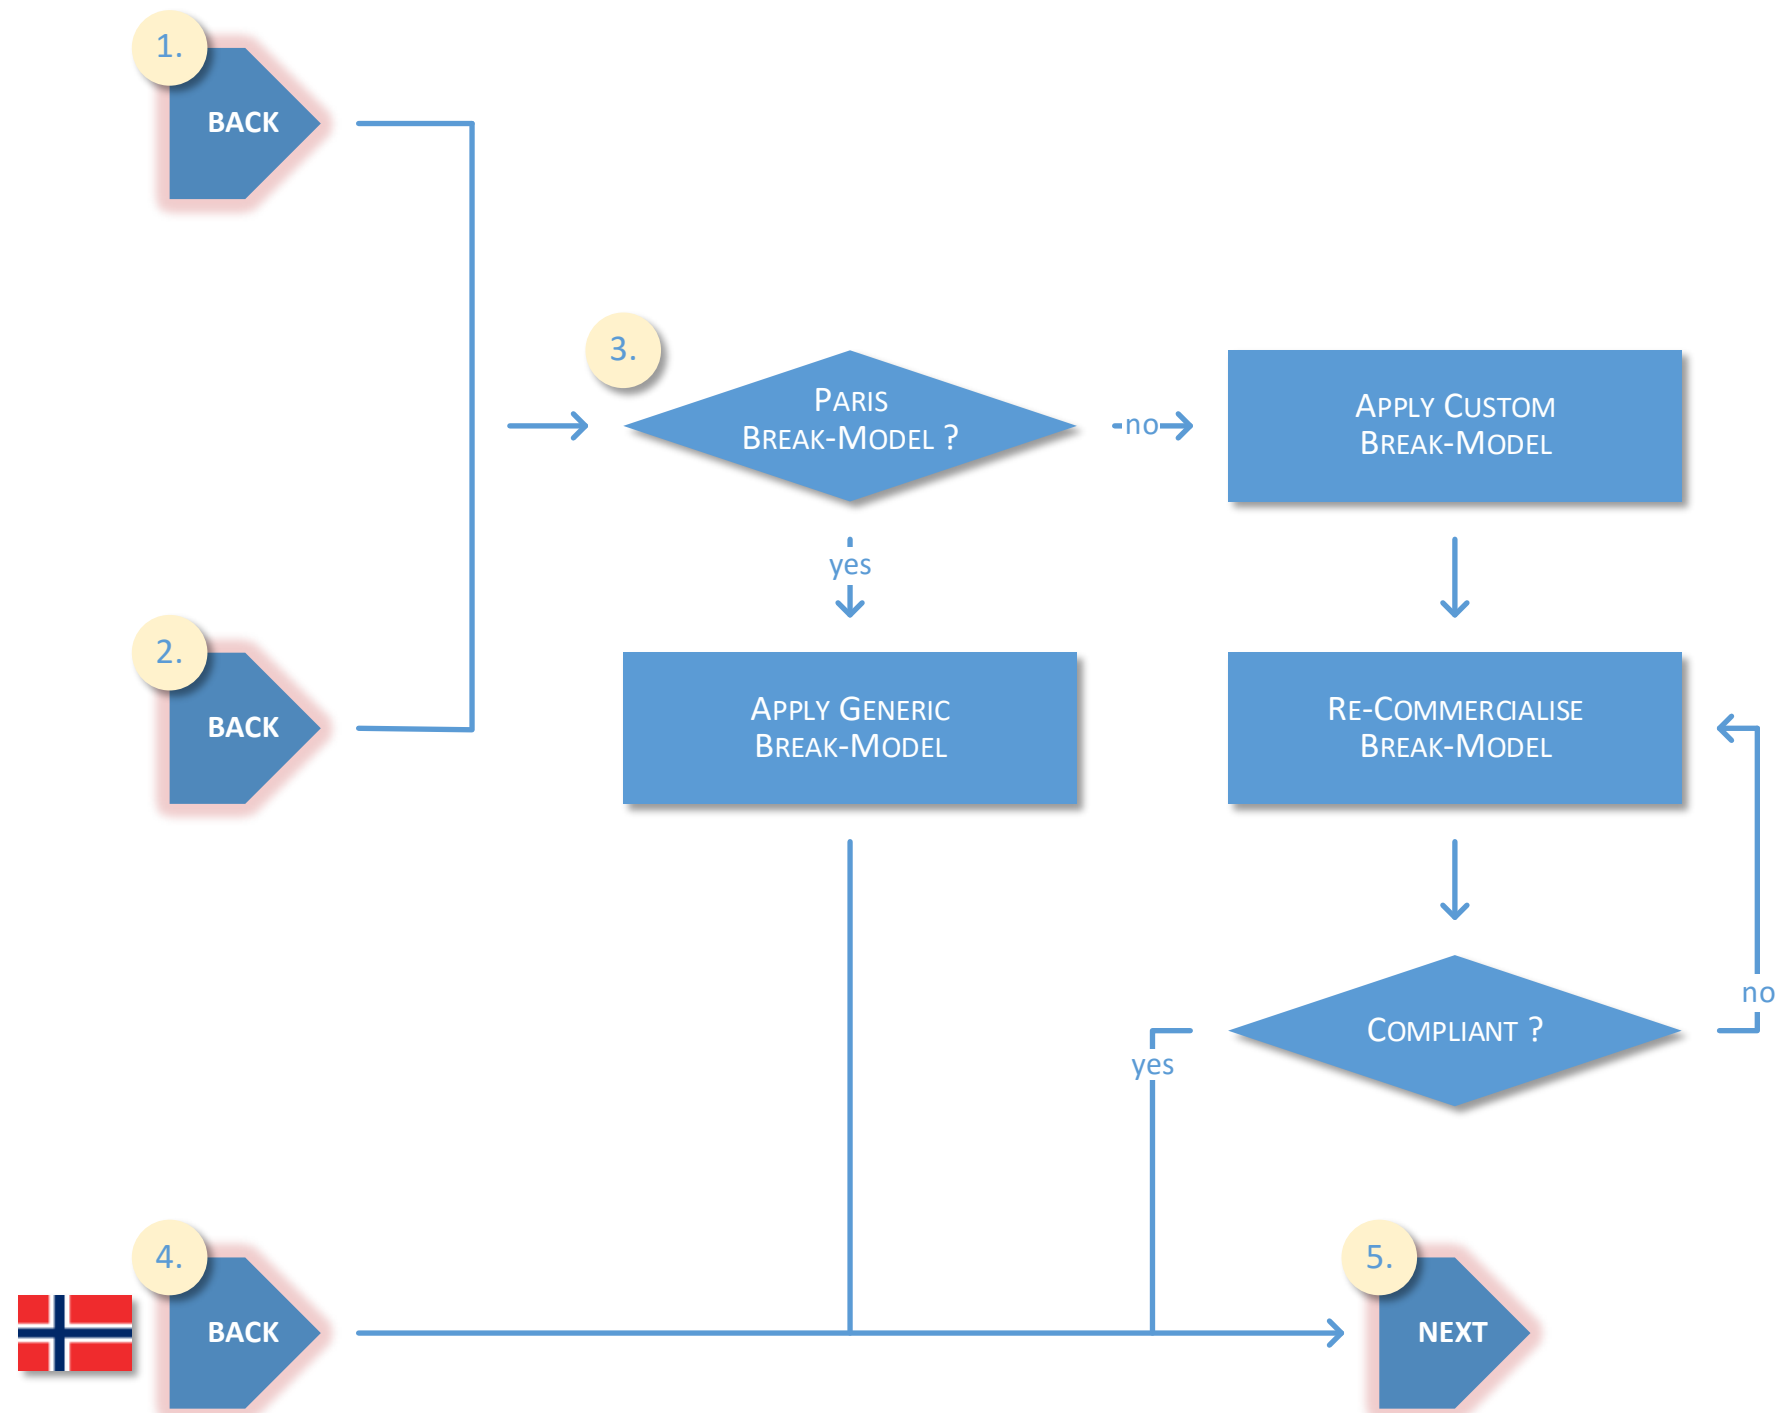

6. A Denmark specific version of the schedule is created

7. This workflow continues into the 'Mid-Term (Chiswick)' workflow

1. This workflow continues from the 'Long-Term (Chiswick)' workflow

2. This workflow continues into the 'Mid-Term (Chiswick)' workflow

? commercialisation
? compliance

1. This workflow continues from the 'Long-Term (Paris)' workflow (6-weeks before broadcast)

2. This workflow continues from the 'Long-Term (Chiswick)' workflow

3. That is – will the Paris break-model be applied to the schedule ?

4. This workflow continues from the 'Long-Term (Norway)' workflow

5. This workflow continues into the 'Short-Term (D-2)' workflow (2-days before broadcast)
